Highview HILLS BY WALKER

A Senior Living Community

Embrace and enjoy all aspects of living well at Highview Hills by Walker, located in a quiet residential area in Lakeville. Highview Hills offers a variety of living environments including Senior Living with Services, Assisted Living, Memory Care, and Care Suites.

Gen Prochnow, Highview Hills resident, can be creative in the large and lively art studio. "There are so many things to do here, and I'm never bored. Everyone who lives here is wonderful and I just love living here."

"This is the perfect place for me. It has everything I need..."

—Mary Olson, Highview Hills resident

Beyond a colorful art studio and artists' gallery, Highview Hills is full of unique spaces. Residents enjoy a club room, movie theater, store, bistro, card and game room, library with Internet lounge, billiards room, and spa. Outdoors are walking paths, a large terrace, and a nine-hole putting green. Convenient services include a 24-hour concierge, housekeeping, and complimentary scheduled transportation. The fitness center features innovative equipment, specifically-designed for seniors with programs to increase strength, balance, and mobility.

Step into what you might think is a front row seat at the Food Network. At the center of the Prairie Hills Dining Room is the Exhibition Kitchen, where residents can attend classes and experience the sizzle and aromas of fine cooking. "I enjoy talking with the people I cook for and teaching new techniques," says Chef Molly Dollarhide. "It's rewarding for me to see people enjoying the dishes I made for them."

Evie Pallerine and Mary Olson often attend the cooking classes taught by Chef Molly. "Not only is Highview Hills beautiful and full of fun things to do, all of the people who live and work here are so friendly," says Evie. Mary agrees, "This is the perfect place for me. It has everything I need and I thoroughly enjoy my new home."
